

# FINAL PRESENTATIONS GUIDELINES

# BE CREATIVE, BE REFLECTIVE, BE INSPIRED

- As a **Project Team** (clients+ developers)
- Final presentations will be marked based on **professionalism**, level of **insightfulness** and content **demonstrating the learning** in the class, in relation to the **required readings** and **industry panels** ; as well as constructive thinking demonstrated through a **growth mindset** and clear **examples of learning** through **reflection**

# SUGGESTED STRUCTURE, CONTENT

---

- **total: 20 min**
- **first 10 min:** Developers demo their solution to Clients; Clients ask questions and provide feedback
- **last 10 min:** Reflection as a Project Team
  - reflect on: **Successes** and **Lessons Learned (take aways)**
  - reflect on: **RE process, teamwork, and diversity and inclusion** in your team – **strengths, obstacles and workarounds**
  - how **did you grow** through this experience – individually and as a team?  
personal stories welcome

# FINAL NOTE

- your team decides who presents on the day
- the participation in the presentation (preparation) does not count towards class participation; it counts towards your project work (and reflected through the team assessments)

REMEMBER TO HAVE FUN  
PREPARING FOR IT!

(YOUR LAST ASSIGNMENT  
AS A TEAM IN SENG321)
